REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

No prior art teaches a master motor and a slave motor synchronization control by using frequency detectors and phase counters, wherein a phase deviation calculator detects a phase deviation between the master phase counter and the slave phase counter, and wherein a Z phase pulse signal is used to clear the count in the slave phase counter, and further, the phase deviation calculator calculates the phase deviation all the times according to the counted overflow phases and the counted output phases of the master phase counter and the slave phase counter, and the deviation between the slave electric motor and the master electric motor is eliminated.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bentsu Ro whose telephone number is 571 272-2072. The examiner can normally be reached on WS08605.
